

May Prayer

Dear Fellow Praying Women:

It certainly should not be difficult to see the needs of our world. It is a clear picture of peoples and nations who have made such a mess, often violent, of our lives as we live apart from our Creator. Even with some good intentions, we are powerless to succeed...because God's enemy is at work everywhere. Our intentions and motives are not adequate and God knows it...this is why He says that only a fool would say in his heart that there is no God. To deny or ignore Him, which has been the path of mankind since the beginning, has created our problems. We can be thankful that God's Word has given us information regarding the current times, and also instructions as to how to live in the midst of these circumstances.

I wonder in the month of May if you would pray in these areas:

1. For your pastors and pastors around the world. Pray for their personal spiritual lives and ask God to give each one of them the Spirit of Prayer..that they would lead their people with new vision of prayer.

2. For your church, for the churches in your cities...even doing some prayerwalking in areas where churches exist...praying for God's visitation in each of them...that His Spirit would work in each of them...He knows about them and knows their needs...At the same time, pray for churches and pastors in other countries...use your listings...that God would do a new thing in the hearts of His people everywhere...that He would send spiritual revival to HIS CHURCH, among the churches of the world. Ask God to send the Spirit of Prayer on His Church throughout the world.

3. I submitted your names and addresses to the Voice of The Martyr organization so they will send you a sample copy of their magazine, in case you do not yet receive this. It should be coming perhaps this month. If you will subscribe to this, you may pray for the persecuted church around the world on a continual basis as well as stay informed regarding their plight. This organization also send out a monthly prayer letter with immediate needs...and can email this to you. Some of you may already get this...

But this month, it will be a good thing for us to pray for God's people around the world...for Christian leaders in government, but also in Christian organizations and ministries of the world...for God's special anointing on them as they labor in some places where they are in danger, or they may have become lethargic, or cold in their hearts...or are living in sin. We need

to pray that the Church of Jesus Christ will rise up and be the light in darkness and the power to bring people to God...whatever it takes for us.

Thanks for praying, Lois
